EDUCATION SCHOLARSHIP

Community managers are the professional backbone of the communities they serve, providing the knowledge and expertise that is crucial to the successful management and operation of associations.

The mission of the San Diego Chapter of Community Associations Institute Education Scholarship is to support CAI members in their pursuit of education and professional development opportunities who would otherwise not be able to do so on their own.

The CAI San Diego Education Scholarship Fund was established in 2007 to provide CAI members with access to top-level education courses and programs. The scholarship will benefit those individuals who are currently members of CAI and have been working in the community management industry for at least 6 months.

The San Diego Chapter of CAI may award several scholarships each year for PMDP Courses to CAI (Manager) members who have worked in the CID industry for at least 6 months. The scholarship is to be used toward cost of any CAI sponsored PMDP course only and does not include travel or accommodation expenses. Upon proof of successful completion of the PMDP Course, CAI will reimburse to you 50% of the cost of the course. **Exam re-test fees are not covered by scholarship funds.**
